OUR EVIDENCE-BASED PROFESSIONAL CERTIFICATIONS

This conference offers paths to professional certification. Training hours credits earned may also be allied toward certification, or potentially meet other professional licensing and continuing education requirements.

- **Certified Evidence-Based Professionals (CEBP)** - Participants in the **EB Masterclass for Practitioners**: Choose sessions in your preferred domain and satisfy established requirements to become a **CEBP**.
- **Certification in Evidence-Based Leadership (CEBL)** - Earn your **CEBL** by attending the **EB Masterclass for Organization** course and satisfying established requirements.
- **Certified Evidence-Based Organization (CEBO)** - The **EB Masterclass for Organizations** also is a pre-requisite qualification for organizations seeking to become a **CEBO**. By attending this workshop, organizations represented at this masterclass satisfy that requirement.

The Certified Evidence-Based Practitioner (CEBP) program is a structured curriculum of training and self-study followed with a half-day proctored exam. The process provides practitioners with a standard method to become Certified Evidence-Based Professionals.

In addition, it creates a progressive professional development vehicle and an outstanding opportunity for individuals to become highly knowledgeable and skilled in evidence-based approaches. Finally, it recognizes the abilities and accomplishments these professionals have demonstrated in the area of evidence-based policies, programs, and practices.

Certification in Evidence-Based Leadership (CEBL) program is a structured curriculum of training and self-study followed with a take-home implementation project which candidates must report back on. Designed for individuals who participate in the Evidence-Based Organization (EBO) Masterclass training, the process provides leadership and operations teams with a standard method to become Certified in Evidence-Based Leadership. Participation in the training also helps to fulfill an organization's initial training requirement for entering the process of Certification as an Evidence-Based Organization (EBO).

The **Certification for Evidence-Based Organization (CEBO)** process provides a standard method for systematically building capacity as an Evidence-Based Organization (CEBO), and recognizes the abilities and accomplishments organizations demonstrate in the area of evidence-based policies, programs, and practices. Certification requirements are the same for all types of agencies and organizations.

The following five areas are emphasized:

- Knowledge and use of evidence-based policies, programs, and practices
- Demonstrating effective leadership
- Organizational culture and assessment
- Strategic planning, performance measurement, and program evaluation
- Building capacity and sustainability

Note: If attending our EB Pathways Conference, we highly recommend getting certified during the conference.

DAY-1 WEDNESDAY, OCTOBER 30TH *(CUSTOMIZE YOUR MASTERCLASS SESSIONS)*

PRE-CONFERENCE WORKSHOPS (CHOOSE ONE)

WORKSHOPS - 1

EVIDENCE-BASED PRACTITIONER MASTERCLASS: CORE SKILLS FOR PROFESSIONALS

Learning Objectives: Participants in this workshop are placed in a position to;

- o Learn approaches that are essential in helping recipients of their services regain and/or strengthen abilities they already possess
- o Understand the framework of common elements in evidence-based skills for case management, care coordination, counseling & supervision
- o Become more skillful in the application of evidence based and strength centered approaches.

This program is formal education for professionals in human, social and justice services fields. It teaches skills in the common elements of evidence-based approaches that practitioners must prioritize for helping clients they serve to acquire or strengthen their ability to perform critical life functions they may have “lost”. These are essential skills in any life domain for helping recipients of services to incrementally improve - versus “punishing” or “rehabilitating”.

The common elements in EB approaches shift practice from diagnostic, problem and clinically driven approaches to “partnering” as an advanced skill. “Partnering” is a term that operationalizes a deeper knowledge and skillful application of sophisticated facilitation skills by the practitioner. This moves the skills of the practitioner beyond expert knowledge of disorders and their remedies, to a level of facilitation that enables the person being served to benefit from the contact moment - in any method, program or practice. This course is taught in 10 modules where each is designed to build on the other to advance professional skills.

WORKSHOPS - 2

EVIDENCE-BASED CASE MANAGEMENT & CARE COORDINATION: CORE SKILLS FOR PROFESSIONALS

This full-day pre-conference workshop teaches the processes for assessing, planning, facilitating and advocating for options and services designed to help human and justice services clients efficiently meet their individual needs. It is intended to prepare the practitioner for developing advanced and intentional skills by helping them develop a deeper understanding of the way in which approaches and dialog affect the recipient. This knowledge is fundamental to the practitioner’s ability, not only to understand how the brain works in dialog, but also how the use of approaches that are facilitative and guiding versus prescribing and correcting increase the ability of the recipient to benefit from the care and supervision provided.

Case managers and care coordinators are assistive, collaborative partners providing guidance and supports. At this program participants will be able to learn how to play their strength-centered role to help individual clients they work with achieve outcomes they desire. Using relevant examples, participants will learn how they can help their clients achieve desirable outcomes through promotion of quality and effective interventions which link individuals to appropriate resources.

DAY-2 THURSDAY, OCTOBER 31ST (CUSTOMIZE YOUR MASTERCLASS SESSIONS)
AM BREAKOUT TRACKS (CHOOSE ONE)

(1) FIND & USE MOTIVATION WITH RESISTANT PEOPLE: HOW TO ENGAGE RECIPIENTS OF SERVICE IN DIALOG TO FORM THE ASSISTIVE/COLLABORATIVE RELATIONSHIP

The next 5 sessions today and tomorrow within this breakout track (Individual Motivation) leverages motivational interviewing skills as a key method for engaging recipients of services to achieve uncommon outcomes. It is intended to increase the participants practitioner skills for developing rapport as the tool for change. It includes practice exercises on using facilitation skills in the process of engaging the recipient in three evidence-based interventions. Participants will be in a position to learn skills for;

- Forming the assistive/collaborative relationship
- Preserving the assistive/collaborative relationship
- Emphasizing Choice and Control
- Exploring the Decisional Balance
- Autonomy

Using triad exercises, participants will learn to engage recipients of service in dialog to form the assistive/collaborative relationship.

(2) OPIOIDS ADDICTION & EPIDEMIC: CASE MANAGEMENT FOR WORKING WITH INDIVIDUALS & FAMILIES

Of the 20.5 million Americans 12 or older that had a substance use disorder in 2015, 2 million had a substance use disorder involving prescription pain relievers and 591,000 had a substance use disorder involving heroin. Currently, the nation has a crisis that's been characterized as a "crisis of epidemic proportions facing our nation". What do you understand all this to mean? What do you know about opioids? Why is it an epidemic? How and where do practitioners fit in? What are the implications and impacts on the individual, their families and communities which surround them?

This session will address the impact of Opioids on the individual, family, community and social service/criminal justice organizations. It will review necessary case management case management and core components for working with individuals and families impacted by such an addiction. Components examined include the development of overarching goals, measurable objectives and achievable tasks as well as identify barriers to achieving desired outcomes. Participants will be in a position to learn;

- Current trends in Opioids Addictions Treatment, Management & Recovery
- The Stages of Change, and how Stage-matched Approaches are applied to guide plan development and interventions.
- Case Management with Individuals & Families Impacted by Addiction to Opioids

(3) HOUSING FIRST: EVIDENCE-BASED SUPPORTIVE & PERMANENT SOLUTIONS FOR THE HOMELESS

Housing First is an approach to quickly and successfully connect individuals and families experiencing home-lessness to permanent housing without preconditions and barriers to entry, such as sobriety, treatment or service participation requirements. Supportive services are offered to maximize housing stability and prevent returns to homelessness as opposed to addressing predetermined treatment goals prior to permanent housing entry.

Housing First emerged as an alternative to the linear approach in which people experiencing homelessness were required to first participate in and graduate from short-term residential and treatment programs before obtaining permanent housing. In the linear approach, permanent housing was offered only after a person experiencing homelessness could demonstrate that they were "ready" for housing. Participants in this session will be in a position to: (1) Identify Housing First programs, (2) Identify Housing First practices, (3) Learn and adopt Housing First service approaches

Supportive Housing and Permanent Supportive Housing are unique and specific approaches for providing housing targeted to individuals and families who are experiencing homelessness, or at risk of homelessness, and other disabilities. The aim is to quickly help them acquire housing, achieve and maintain their goals for increased independence, greater self- sufficiency, recovery, resiliency, family reunification and employment.

DAY-2 THURSDAY, OCTOBER 31ST *(CUSTOMIZE YOUR MASTERCLASS SESSIONS)*

PM – (1) BREAKOUT TRACKS (Choose One)

(1) FIND & USE MOTIVATION (MI): EFFECTIVE USE OF THE DECISIONAL BALANCE WORKSHEET TO DEVELOP DISCREPANCY & WORKOUT BEHAVIORS TO MATCH GOALS

This segment is intended to increase the participant's ability to use advanced facilitation skills to assist recipients in the completion of an evidenced based intervention for solving ambivalence. The 4 quadrant Decisional Balance worksheet is used in exercises to develop discrepancy in working toward goals.

While this conference offers several opportunities for focused study and applications for motivation enhancing methods, this presentation will deliver the fundamental elements of Motivational Interviewing for someone new to MI or needing a refresher. The participant will learn the Spirit, Principles, and techniques, as well as how to elicit and strengthening change talk and developing a change plan. These techniques will be demonstrated in case work that is familiar to the participant.

(2) FAMILY ENGAGEMENT IN COMMUNITY: FAMILY GROUP DECISION MAKING, TEAMING & RESTORATIVE JUSTICE CONFERENCING

This is the 1st of 2 sessions with the second to follow this one. Attend one or both sessions to understand methods for family and community engagement. They are evidence-approaches of Family Group Decision Making, Family Teaming, and Restorative Justice Conferencing. Learn core skills for engaging consumers, their families and others significant in their lives using these methods.

Participants in this session will learn and share evidence-based teaming practices making a positive difference for individuals, families, agencies and communities throughout the United States and the world. These evidence-based practices have demonstrated positive outcomes in client engagement and empowerment, commitment to the change process, positive connections to both formal and informal supports, shorter lengths of time in residential care and decreased relapse/recidivism. These approaches are being recommended and utilized by various entities ranging from, child welfare and foster care, criminal justice, addiction and recovery, to mental health, homelessness and geriatric services and more!

This course will introduce participants to the key component of Family Groups, Teaming and how it is designed and works to engage recipients of service and their families in their communities, but also walk you through how they are implemented. It is critical to plan for positive implementation of any new initiative, process and service/intervention. This workshop will review the core steps and connections necessary to successfully begin a teaming process at your organization/community.

(3) HOUSING FOR HOMESS WITH DEBILITATING ILLNESS, OPIOIDS & OTHER DRUGS DISORDERS

This session is designed to help participants learn to provide housing support to homeless citizens with disabilities or have debilitating and sometimes co-occurring mental illness and substance use disorders. Participants will learn what supportive services strategies and techniques are evidence-based intervention for addressing challenging housing situations. They will also be in a position to learn the three approaches to operating and providing supportive housing, *Single, Scattered, and Unit set-asides housing*. They will also learn and identify essential elements of supportive services strategies and techniques representing evidence-based interventions inherent with the models;

1. Housing First
2. Stages of Change
3. Motivational Interviewing

Housing First is an approach to quickly and successfully connect individuals and families experiencing home-lessness to permanent housing without preconditions and barriers to entry, such as sobriety, treatment or service participation requirements. Supportive services are offered to maximize housing stability and prevent returns to homelessness as opposed to addressing predetermined treatment goals prior to permanent housing entry.

DAY-2 THURSDAY, OCTOBER 31ST (CUSTOMIZE YOUR MASTERCLASS SESSION)
PM-2 BREAKOUT TRACKS (Choose One)

(1) FIND & USE MOTIVATION: ADVANCE USE OF THE DECISIONAL BALANCE WORKSHEET IN DEVELOPING DISCREPANCY & FACILITATE DISCUSSIONS

This segment is intended to increase the participant's ability to use advanced facilitation skills to assist a recipient in using the assistive/collaborative relationship for weighing and considering change by examining and comparing behaviors to outcomes.

Participants in this session will learn to demonstrate accurate empathy and facilitate discussion of pros and cons of changing vs not changing compared to goal. They will also be in a position to learn motivational interviewing skills for;

- Evocation
- Complex Reflections
- Compassion
- Autonomy
- Affirmation-support efficacy, among other skills

(2) TEAMING PLANNING AND PROCESS: HOW TO IMPLEMENT FAMILY ENGAGEMENT APPROACHES

Teaming creates positive evidence-based outcomes. Based on your organizational and consumer needs there are various models of evidence-based teaming. This workshop will review various models, how to implement them, and the strengths and challenges of each model.

The implementation process reviews how to involve consumers, agencies, stakeholders and communities to engage and participate in the teaming planning and process. It is critical to plan for positive implementation of any new initiative, process and service/intervention. This session will review the core steps and connections necessary to successfully begin a teaming process at your organization/community. Success and challenges to implementation will be reviewed as well as planning for staffing and sustainability.

(3) SUCCESSFUL EMPLOYER ENGAGEMENT: OPPORTUNITIES FOR VETERANS, HOMELESS AND OTHER TARGET

Supportive Housing providers developing innovative housing-based strategies for returning formerly homeless and disabled individuals to work. These efforts build upon the combination of ongoing support services and the residential stability that supportive housing provides. Staff works either in-house or by networking with other organizations, to provide flexible, individualized employment services, with a special attention to job development opportunities.

Participants attending this workshop will be able to discuss the following:

1. Identify what employers want from the system
2. Identify essential business concerns
3. Identify steps to forming a connection

DAY-3 FRIDAY, NOVEMBER 1ST *(CUSTOMIZE YOUR MASTERCLASS SESSION)*

AM-1: BREAKOUT TRACKS (Choose One)

(1) FIND & USE MOTIVATION: MAKING SENSE OF RESISTANCE

This segment is intended to advance the participants ability to avoid therapy interfering attitudes and behaviors that result when recipient resistance is encountered and be able to address and resolve resistance using evidence-based interventions and facilitation skills using two supported exercises.

Participants in this session will be in a position to learn approaches for addressing resistant clients by learning;

- How to emphasize choice and control and remain in the assistive/collaborative relationship
- Skills for evocation to discover what the resistance is for
- To avoid confronting, lecturing, scolding, etc.
- Avoid emotional blackmail/dosing with reality
- To use Readiness Ruler, and much more

(2) DIVERSITY IN THE WORKPLACE: AN INTRODUCTION TO THE FUNDAMENTALS OF LGBTQAA, SOGIE, GENDER-NEUTRAL, GENDER-FLUID, PAN-SEXUAL

We all want to provide outstanding outreach and practice to all individuals. As our society evolves different term are coming into common use. LGBTQAA, SOGIE, Gender-Neutral, Gender-Fluid, Pan-Sexual, what's this all mean? How do I interact with individuals, families and communities with professionalism and respect to all regarding sexual orientation and gender identity?

Attend this workshop to learn and review the unique needs and core components of welcoming consumers who may identify as in the LGBTQAA. Your questions will be answered, like: What do all the letters mean? How can I ask someone if they identify as LGBTQAA? Will I offend them if I ask? Do I even need to ask and if so why? Won't they just tell me? Or won't I just be able to tell?

Further, does it matter what services connections and referrals I make for a consumer, do my organizations policies and procedures reflect inclusiveness?

(3) MONEY MATTERS: GRANTS, FUNIDING & EFFECTIVE PRACTICES FOR SUSTAINABILITY

The workshop will address the culture of poverty and how it affects workforce development programs. This over-view will look at populations such as TANF and SNAP E&T populations and how to set workforce development programming to meet their needs. With a clear understanding of the culture of poverty and the barriers they face agencies will be able to help facilitate successful program outcomes for job search candidates and meet the federal mandates of TANF and SNAP E&T.

1. Understanding the culture of poverty
2. Arranging for the resources and support to remove barriers
3. Assisting the client in navigating thru workforce development systems
4. Tracking the client's progress and making needed referrals, tracking appointments, following up on services rendered

DAY-3 FRIDAY, NOVEMBER 1ST *(CUSTOMIZE YOUR MASTERCLASS SESSION)*

AM-2: BREAKOUT TRACKS (Choose One)

(1) PUTTING IT ALL TOGETHER - DOUBLE GO-AROUND EXERCISE

This exercise is intended to provide the participant with the opportunity to put into practice all of the learning objectives from Day 1 and Day two in an exercise that allows the use of the skills covered in the training in a manner that provides feedback and coaching to strengthen and build on competency.

(2) ETHICAL DILEMMAS: FUNDAMENTALS OF ETHICAL PRACTICE

Case managers, therapists, supervisors and administrators face ethical dilemmas in the workplace. Attend this workshop to discuss common ethical dilemmas we face when delivering services.

You will realize there are always steps and guides you can use as you are challenged by everyday dilemmas.

(3) EMPLOYEE PERFORMANCE REVIEWS: HOW TO PREP, WRITE & DELIVER, ON-TIME APPRAISALS EVERY TIME

Success at any organization depends largely on how employee performance management process and driven by the management team. Yet well-meaning managers and supervisors avoid it, or at best do not look forward to it. Ultimately appraisals they "throw together" are one they themselves would not want. Change three simple steps you will look back and be proud you did!

This course is taught by Sobem Nwoko, President, Joyfields Institute who oversaw his fair share of performance reviews supervising nearly 400 employees – including managers and supervisors. The program is designed to help management motivate staff to perform at high levels through proven methods for prepping, writing and delivering periodic appraisals they will be very pleased to deliver or receive themselves - good or bad! Join us for this training and;

- Be in a position to help your agency significantly improve results while enhancing employee morale
- Be in a position to motivate your teams through the use of effective performance management procedures
- Learn to integrate established agency standards with your ongoing staff interactions and documentation.
- You will also learn to make the "performance-review-avoidance" syndrome a thing of the past.

GENERAL SESSIONS

• **GUIDED TRAIN-THE-TRAINER SESSION FOR WHEN YOU RETURN HOME**

Chances are your boss and your colleagues will expect you to share what you have learned. In this session you will learn the most critical MUST HAVE skills to use when educating others. We have all attended presentations where we thought, "wow, that was awesome, I really learned and enjoyed that presentation." We have also attended presentations where, honestly, we had difficulty focuses and staying on topic. Attend this workshop and learn how to deliver the "WOW presentation" – as opposed to the, "I am trying not to look at my phone the whole time" presentation.

- **CERTIFICATION - FACILITATED SESSIONS (MUST BE PRESENT TO BE CERTIFIED)**
- **CLOSING REMARKS, EB PATHWAYS CONCLUDES**
